MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Title V of the Organized Crime Control  
Act of 1969

1. This memorandum contains a recommendation submitted for approval of the Director of Central Intelligence. Such recommendation is contained in paragraph 4.

2. In connection with Mr. Kleindienst's request for assistance to the United States Marshals Service in personal security and experience in the operation of secure sites, we have for quite some time been in contact with various sections of the Department of Justice to give them the benefit of our experience in handling certain problems of this nature. I think we have to be a little careful because of the statutory prohibition on police and internal security functions but I do not think this need inhibit us in discussing experiences which might be helpful to Justice.

3. Several of us have been involved but John Warner has done most of this work and I suggest we make him the focal point and he can call on other offices and individuals for help. Incidentally, the "personal security" they are talking about has to do with the safety of witnesses from retribution by the Mafia and similar types rather than our traditional personnel security which has to do with the suitability of behavior of individual employees. We have, for instance, assisted Justice in such matters as creating a new personality and life for witnesses which is a problem very similar to ones we have with defectors and others associated with us.

4. I recommend, therefore, that John Warner continue to be the focal point and Mr. Kleindienst be informed in a letter such as the proposal attached hereto. STAT
